

ANNO SCOLASTICO 2024-25

Classe: 5 ET

MATERIA: LINGUA INGLESE
ENRICO TALIANI

Docente:

ORE SETTIMANALI: 3

Libro di Testo: Bolognini, Barber, O'Malley, Career Paths in Technology, Pearson, 2022.

Testi di approfondimento e link a video caricati su Classroom.

PROGRAMMA SVOLTO

**MODULO n.1 - CAREER PATHS IN TECHNOLOGY UNITS 10-12 TEMPI: SETT:-
DIC 2024**

UNIT 10- RADIATION AND TELECOMMUNICATIONS

Electromagnetic waves pag 140
Types of electromagnetic radiation pag 142
Radio waves pag 145
What happens to radio signals pag 146
Microwave oven pag 147
Medical imaging pag 148
Transmitting telecommunications signals pag 150
Landline networks pag 151
Cables pag 152
Cellular networks pag 153

UNIT 11- COMPUTER HARDWARE

Types of computer pag 156
The computer system functions and hardware groups pag 158
Input output devices pag 159
Computer storage pag 160
Computer ports and connections pag 161
Upgrading hardware pag 162
Making your passwords secure pag 163
Describing a computer pag 164
Choosing a computer pag 165
Standing on the shoulders of giants pag 166
Computers of the future pag 168

UNIT 12 -COMPUTER SOFTWARE AND PROGRAMMING

System software pag 172
Application programming pag 174
Computer languages pag 175

Programming languages most in demand pag 176
The language of programming pag 178
How the Windows OS works pag 179
Software safety pag 180
The hidden hero that died in disgrace pag 181
Cloud computing 182
Edge – fog – green computing pag 183

MODULO n. 2 - CAREER PATHS IN TECHNOLOGY - UNIT 13-17 TEMPI : GENN- MAG 2025 UNIT 13- APPLICATIONS

Where computers are used pag 186
Types of applications pag 188
The spreadsheet pag 190
Charts and graphs pag 191
The database pag 192
Database management system pag 193
Computer graphics pag 194
Computer -aided design CAD pag 195
Entertainment pag 196
Technology and health pag 198

UNIT 14 - COMPUTER NETWORKS AND INTERNET

Linking computers pag 200
How internet began pag 202
Internet services pag 203
How internet works pag 204
Web addresses pag 205
Local area networks pag 206
Connecting to the internet pag 208
